THE COMMITTEE on the Affairs of the New Township of Paquaog in the County of Worcester made a further report to the Court. Signed John Chandler. John Worthington, and is as follows, Viz^t

That on four of the six rights there last mentioned in their Report of the 21 February last as reserved for further Consideration the Committee have proceeded thereon as follows, Viz^t

On the Right originally proposed to be granted to Israel Hammond, the Committee find the House Lot and Meadow Lot thereof

sold to One Samnel Dexter; and the Residue of said Right after sundry mean Conveyances to have been sold to one Jason Babcock; that no improvements have been made thereon, saving what was done voluntarily on the House Lot by one Hunter, the purchaser thereof, and that much of the Taxes set thereon are unpaid; The Committee therefore sold the whole of the Right excepting said House Lot and Meadow Lot to said Jason Babcock at publick Vendue for the sum of Fifteen pounds six shillings and eight pence; Four pounds two shillings and eight pence of which is for the Use of the province, the residue thereof to pay the Taxes aforesaid in Arrear, And the said Jason secured the said Sums & further gave Bond for performing a Settlement on some part of said Right in such manner as mentioned in the former Report:

The Committee therefore propose that the said House Lot and Meadow Lot should be confirmed to said Samuel Dexter and his Assigns, And the Residue of said Right to said Jason his Heirs and Assigns.

On the Right originally proposed for Nehemiah Wright, The Committee found that One Lot thereof was long since Sold to one Abner Lee, that he had made very considerable Improvements thereon; that one Dexter had given Bond to the supposed Owner of the Residue of said Right to perform the Duty of Settling and had failed; that four pounds four shillings and two pence half penny of the Taxes set thereon was in Arrear, the Committee therefore sold the whole of said Right to said Abner Lee, the highest bidder therefor, for the sum of Twenty one pounds nine shillings to pay said Taxes, and Residue to be for the Use of the province, they therefore propose that the same be granted and confirmed to said Abner accordingly.

On the Right originally proposed for John Hadley the Committee find that the said Right was originally sold to Jonathan Green, who sold the House Lot thereof to Robert Marble after performing all Duty thereon (actual Residence only excepted) They also find that said Jon^a Green has since Sold the Residue of said Right, and that the same is now holden by Deed from him, and the said Jonathan Green having paid three pounds to the Committee for the Use of the province, and having procured one Luxford Goodwin to give Bond for performing a Settlement in usual manner on some part of said Right exclusive of the House Lot. The Committee report that said House Lot be confirmed to said Robert Marble and his Heirs and the Residue of said Right to Jonathan Green and his Assigns.

On the Right originally proposed for Richard Ward, the Committee found that very considerable Improvements were early made thereon by Jason Babcock, the Assignee of said Richard and that while he was labouring thereon he was captivated by the Indian Enemy, and finding the duty of Settlement &c. by him wholly performed since, report that the said Right be confirmed to the said Jason his heirs and Assigns. And as to the remaining two of the said six Rights The Committee found the Circumstances thereof to be so peculiar they apprehended they could not proceed to any determination respecting them at present, consistent with the design of their Commission, and the Interst of the Plantation.

And Whereas they were directed to make Sale of so much of the several Rights there (heretofore confirmed by the honourable Court) as should be necessary for paying any arrears of Taxes set thereon;

And as the Owners of sundry of said Rights have neglected to pay the Taxes set thereon, at least in part; and as it was to the manifest damage of said plantation, that the same should be longer in Arrear; The Committee have accordingly proceeded to make Sale of part thereof for that purpose, Viz^t

The Right originally granted to Daniel Adams was in Arrear the sum of Two pounds and five pence, the Committee therefore sold the thirty Acre Lot of said Right being Number 58. lying on West pequoag Hill to Timothy Paine Esq^r of Worcester for two pounds seventeen shillings for paying said Taxes and Cost being two pounds three shillings and one penny, and report that the same be confirmed to him accordingly.

On the Right originally granted to James Holden, the Committee found that of the Taxes set thereon; the sum of Six pounds two shillings and three pence half penny was in Arrear; they therefore Sold the 100 Acre Lot of that Right to Timothy Paine Esq^r to pay said Taxes and Cost being Six pounds five shillings.

On the Right originally called Joseph Brown's, the Committee found one pound three shillings and two pence farthing of the Taxes set thereon, yet in Arrear and unpaid, which with the Charges thereon made twenty six shillings, they therefore sold twenty six Acres of the 100 Acre Lot of said Right at 12^d *p* Acre to said Timothy paine Esq^r to pay the same; And also

On the Right originally proposed for John Cutting, the Committee sold the House Lot and the ten Acre Lot thereof to Timothy Paine Esq^r to pay the Taxes thereon that were in Arrear; and they humbly propose that said several parcels of Land so sold to said Timothy should be confirmed to him accordingly. And

On the Right originally called Daniel Fiske's, the Committee sold the thirty Acre Lot thereof to M^r Phineas Howard; one of the Committee, and highest bidder therefor for three pounds twelve shillings for the payment of the Taxes set thereon and unpaid; and propose that the same should be confirmed to him accordingly.

Also the Committee beg leave to inform; that on the three Rights mentioned in their former Report as sold to John Murray Esq^r for the sum of Seventy pounds thirteen shillings and four pence, there was due to said Proprietors of said Plantations for Taxes set on those Rights and then in Arrear the sum of thirty one pounds four shillings, which the Committee proposed should be paid out of the proceeds of said Sale; And the Residue being Thirty nine pounds nine shillings and four pence, should be for the use of the province; and they took said Murray's Obligations to the respective Treasurers for their respective Sums accordingly, and Submit their Conduct herein to Consideration.

And have only to add That they beg pardon for an Error that by Accident or inattention they committed in their former Report, in the description of two of the Rights therein mentioned by their mistaking the Christian names of two of the persons to whom said Rights were originally proposed to be granted, and so inserting the name of John MacKenny instead of James, and the name of Daniel Fiske instead of Isaac, and they pray that their former Report may be considered with this Correction and Amendment: And that whereas they were then ignorant of the name of one of the Sons of Jonathan page, mentioned in said Report as a Grantee with his Brother Joseph of part of the Right originally proposed for his Father, and So were obliged to leave a Blank therefor in said Re-

port, they would now inform that William Page was the person the Committee designed, and pray said Omission may be supplied accordingly.

Read and

Ordered that this Report be Accepted, and that the Lands by said Committee therein reported to be granted and confirmed: be and hereby are granted and confirmed to the respective persons therein mentioned accordingly. [*Passed December 30.*]

THE COMMITTEE appointed the 20. Instant to prepare Instructions To the Commissioners appointed to meet Commissioners from the other Governments, reported a draft of such Instructions, which is as follows, Viz^t

1. Considering the great Danger the said Colonies are exposed to from the growing Power of the French at Canada; especially Since they have taken from us, during the Course of the unhappy War we are engaged in, Several important Fortresses which kept their Troops employ'd at a distance from us: and being now deprived of them, it becomes the more necessary to write our Counsels & Arms for our mutual Protection and Defence: Wherefore, you are directed to concert with said Commissioners proper Measures for that End, and to lay a Plan for the Union of S^d Colonies, which you Shall judge most conducive thereto; that in Case any of them are attacked either by Sea, or on the Side of Canada, the Forces of all of them may act in conjunction, or in such manner as shall best serve to annoy and repulse the Enemy.

2. To render more effectual such a Plan of defence, you are to represent to them the Expediency of said Colonies being provided with a Suitable Train of Artillery, with the necessary Ammunition & Stores; and settle with them the number and quantity of each; and the quota that each Colony shall furnish: also the expediency of providing magazines of such Ammunition & Stores in Such places as will be most suitable for supplying s^d Artillery in case we should be attacked: and likewise Magazines of Provision.

3. You are to represent to them the Expediency of each Colony's being provided with an Armed Vessel for the Protection of their Trade and Sea Coasts; and consult with them about the cruize, and time of cruize of each Colony's Vessel, that so every part of the Sea Line of said Colonies may be Suitably guarded.

4. Represent to them the Expediency of building a Fort at Penobscot, and our readiness to join with them in measures for that Purpose, notwithstanding the great charge we are at in maintaining the several Forts we already have Seaward. Also the building a Fort upon Connecticut River or in the neighbourhood thereof within the Province of New Hampshire in Order to encourage the Settlement of that part of the Country: And recommend it to the New Hampshire Commissioners for that Government to make Grants there upon a military tenure: Viz; That the Grantees should hold their Lands on Condition of their employing Scouts in a time of War for the defence of the Country; and that Such Lands should not be Subject to any Taxes whatever.

5. You are to propose to S^d Commissioners that s^d Colonies should jointly Send Scouting Parties into the Enemy's Territories to distress them, in like manner as they have us.

6. You are to enquire in Conjunction with s^d Commissioners whether there be any defects in the Regulation of the militia of s^d Colonies; and if so, to point them out that they may be remedied, in order that the militia of each Colony may be a real defence to the Whole.

7. You are to propose to s^d Commissioners the sending out of Parties at the joint charge of s^d Colonies for gaining a more thorô knowledge of the Country between us and Canada; by way of Kennebeck River and N^o 4; and any other way you judge proper.

8. You are directed to enquire of them what measures their respective Governments are likely to come into for promoting his Majesty's Service the present Year: that the measures of all the said Governments may be one and the Same, or as near alike as may be.

9. You are directed to concert proper measures with said Commissioners for the redemption of the Captives of the several Governments, that are at Canada.

10. In settling the quota of any common charge, you are to represent to s^d Commissioners the great Expence this Government has been at, and is still at in defending it's extensive Frontier; guarding it's Sea Coasts &c in order to lessen the Quota that otherwise would belong to this Government to pay.

11. In all Matters relative to the Crown's Right & Prerogative; and wherein the Command of the Captain General is concerned, you are to consult his Excellency the Governor; and also in all matters that are the Subject of these Instructions.

12. You are to make report to this Court of your Doings in the matters mentioned in these Instructions, as soon as may be, for their Consideration and final Determination. [*Passed January 24.*]

the War, and particularly by means of the disproportion'd number of Men that were in the Service the last year: The House likewise consider that many of the Inhabitants have Inlisted this present Year as Rangers & Batteauxmen, and in other branches of His Majesty's Service; that the Government is now burden'd with a very heavy load of Debt, and the Charges arising from the services of the last year are unpaid, and that it will be extremely difficult to procure such a sum of money as will be necessary to be immediately advanc'd in case of engaging in any further service. On the other hand, the House consider the importance and necessity of continuing to aid & assist in such measures as His Majesty shall be pleased to engage in for the defence and preservation of his Colonies and they likewise consider the gracious assurances of such compensation being made as shall render the Burden proceeding from such services supportable, and upon the whole It is

Resolv'd that 5,000 Men Officers included be immediately rais'd for His Majestys general service viz^t four hundred of them to guard the Workmen employed in building a Fort at Penobscot, for which provision is already made, the remaining 4,600 to be formed into Regiments & to be under Officers from among the Inhabitants of this Province (excepting only such and so many of them as may enter on board any of His Majesty's Ships of War upon the terms hereafter mentioned) and to be employed in the intended Expedition against Canada, each Regiment to consist of a Number not less than 900 Men Officers included, and to be proportion'd upon the several Regiments, Troops of horse, Independant Companies Batteries of Boston Charlestown Marblehead and Gloucester, according to their numbers, and that in case a sufficient Number of Men shall not Inlist upon the terms hereafter mentioned on or before the Sixth day of April next, then so many shall be impress'd as to make up 4,600 which with the 400 aforesaid compleats the number of 5,000, and that every Person who has been in the service in former Years shall be equally liable to such impress with those who have never been in the service.

Resolv'd that to every non Commission Officer & private Soldier of the said 4,600 Men who shall inlist into the said service on or before 4 o'Clock in the Afternoon of the said sixth day of April next, and shall pass Muster there be allowed and paid in a Treasurers Note a bounty of six pounds and wages from the time of their inlistment, and as a further encouragement It is

Resolv'd that to every non commission officer and private Soldier who has been in the service or pay of this Province in the years 1755, 1756, 1757 or 1758 and shall inlist into the said intended Service on or before the 2^d day of April next there be allowed instead of bounty full wages from the 20th day of November last, & four Months & a half Wages be advanc'd to each amounting to the Sum of eight pounds two shillings, & to be paid them in a Treasurer's note at the time they pass muster, and that all said notes be upon Interest & payable the 2^d day of June 1760. AND IT IS FURTHER

Resolv'd that wages be allow'd to each private Soldier employed as aforesaid in the Land service at the rate of six dollars ~~per~~ month untill they are discharged said Service, and that there be given a good Blankett to each non commission Officer and private Soldier in the Land service.

Resolv'd that as many of said Men as his Excellency the Governour shall think proper and as are willing to enter into the Sea

Service upon such terms as his Excellency shall settle with the Admiral or Commander in Chief of His Majesty's Ships of War be employed in such service, and that additional wages be allowed over and above the ordinary pay in His Majesty's Ships so as to make their wages equal with the wages of those in the Land service.

That in case it shall be found necessary to cause any men to be impress'd in order to compleat the 4,600 men as aforesaid, so many of such men as his Excellency the Governour shall think proper shall be at liberty to enter into the Sea service but none shall be compell'd to it. that the whole number of the said 4,600 Men be continued in the Service for a time not exceeding the first of novem^r next, and to be dismiss'd as much sooner as His Majesty¹ Service will admit,

And WHEREAS it will be necessary that the Forces should be allowed Billetting from the time of their enlisting untill their receiving the King's Provision, but the present State of the Treasury will not admit of advanceing the same, and it is likewise necessary that they shou'd be supplied with Provisions or allow'd Billetting from the time of their discharge untill their arrival at their several places of abode.

Resolv'd that application be made to the General & Commander in Chief of His Majesty's Forces that Billetting may be allow'd and promised to each man from the time of his Enlistment untill he receives the King's Provisions at the rate of six pence sterling ~~per~~^{p^r} day, and that each Man shall either be furnished with Provisions for his Subsistence from the place where he shall be dismissed untill he arrives at his place of abode, or that he be allowed six pence sterling per day accounting every fifteen miles distance for one day, and that the officers be allowed Rations according to their Rank as has been usually given to the officers of His Majesty's Regular Forces, which proportion the Officers of the last year entered into the Service with full expectation of receiving, but this Court are informed it has not yet been allow'd them.

AND WHEREAS His Majesty has been pleas'd to declare by his Secretaries of State in the years 1756 & 1757. that all which he expected from this Government was the Levying Cloathing & paying of the men, and whereas monies have been advanc'd by this Government for other necessary Charges in expectation of a reimbursement^t from the commanders in chief, but the accounts of such Charges have been refused to be allowed and such Reimbursement has been withheld, and whereas His Majesty has been pleased to repeat in the most explicit terms the same declaration in a Letter from the R^t Hon^{ble} M^r Pitt of the 9th December last.

Resolv'd that his Excellency General Amherst be acquainted that this Government cannot advance any further Sum than what shall be necessary for those particular Services and depend on provision being otherwise made for every other expence or article of Charge that shall be determined to be necessary.

AND WHEREAS the obliging the Forces to receive Rice instead of Pease, has not only been dissatisfactory to the Provincials who have not been used to that Species of Provisions, but has also been as is apprehended prejudicial to their Health.

Resolv'd that the Commander in chief of His Majesty's Forces be acquainted, that it is the desire of this Governm^t y^t a sufficient quantity of Peas may be provided for the Service of the present Year. [*Passed March 13.*

Respondents. And upon the whole beg leave first to report Facts, and then our Opinion upon the same.

First That on the 30th day of July 1755 an Ecclesiastical Council was convened at the second Parish in said Falmouth consisting of fifteen Churches, unto which Council the difference mentioned in said Petition was Submitted, and by the Committees of the contending Parties, the Result of the said Council was to be decisive and final. The Charges exhibited against M^r Clark were as follows

1. His want of a liberal and learned Education.
2. His separating Principles which he set out upon when he was Ordained over a Separation in Boston.

3. His immoral Conduct.

4. The Divisions, Contentions and mischiefs that will attend said Parish if M^r Clark should be installed over the Church there Said Venerable Council having considered the same put the following Question.

Question. Whether the venerable Council considering all things which have been offered, think it expedient to proceed to the Installation of M^r Ephraim Clark in the Work of the Ministry in this Place. Voted in the negative, And accordingly this part of their Result That they advised that he should not be installed over said Church at the same time adding therein That they find nothing in the Objections made against M^r Clarks moral Character sufficient to influence them to such a Conclusion,

They go on in their Result to advise said Church to take every prudent Step in order to such a Settlement as may be if possible unexceptionable to those of their Brethren who have differed from them.

The above Facts were taken from the minutes and Result of Council and sworn to by the Reverend M^r Langdon of Portsmouth, their Scribe

Soon after this Result said Church in Falmouth sent to the following Churches to instal M^r Clark over them viz^t. The Second Church in Kittery, the first and second Churches in Berwick, the second Church in York and two Churches more viz^t one in Ipswich and another in Gloucester. How many of the Churches were present the committee can't determine; three only of their Reverend Pastors were present viz^t M^r John Rogers and Mess^{rs} Cleavlands, who in direct opposition to the result aforesaid, and without any Renewall of the Call of M^r Clark, either by Church or Parish installed him which very extraordinary doings of theirs were laid before the Convention of ministers at their annual meeting may 27th 1756, who thereupon Voted. Nemine Contradicente that in the Opinion of this Convention all such Proceedings are very irregular. against which they think themselves obliged to bear their Testimony, as having a manifest tendency to destroy these Churches if not seasonably discountenanced.

The Committee can't but in justice to the said Ezekiel observe that the several Charges in the Respondents Answer against him are without ground and injurious.

Upon the whole the Committee apprehend the Interest of Religion the Order and Peace of the Churches of this Land in general, and in the Second Parish in Falmouth and their Vicinity in Special make it reasonable and necessary that such of said Second Parish as are aggrieved at the Settlement of said M^r Clark in manner aforesaid be

with their Estates exempt from paying Taxes to his Support and maintenance, and therefore humbly propose the following Order may pass

(Signed) SAMUEL WATTS *per* order

Said Order is Comprized in the Resolve that follows viz^t

note.

The Committee have proceeded so far as to consider the several matters recommended by his Excellency relative to the Forces in the Pay of this Province and now in Service at Louisbourg and Nova Scotia and also to the making Provision for raising Forces for the ensuing year.

With respect to the Forces at Louisbourg and Nova Scotia the Committee are humbly of Opinion That a Bounty or Reward of Four pounds be given to each of the Private men and one months pay to each Officer who remained in Garrison after the first day of November last and still continue there over and above their established Wages, and that the Wages of all such Officers and Soldiers be continued according to the present establishment unto the first day of May next, or until the time of their discharge in case they shall be discharged before the said first day of May.

That the continuance of such Establishment be so understood as in no measure to remove or lessen the desire and expectation of the two Houses, that the General of his Majestys Forces in North America do cause the Forces now in the Pay of this Province to be discharged and returned as soon as the season of the Year will allow.

With respect to the Provision for raising Men for the ensuing Year the Committee are of Opinion That a Bounty of nine pounds be given to each Private Soldier and Non commission Officer now in Service at Louisbourg and the Several Posts and Forts in Nova Scotia who shall enlist anew for his Majestys General Service the ensuing Year, the Bounty to be paid in manner following viz^t Five Dollars at the time of their inlisting, five Dollars more with a Province Security of six pounds at their passing muster, which muster shall be as soon after their inlistment as it can be conveniently done: this to be considered as over and above the Four pounds Reward given as aforesaid.

That over and above the number of Men who may thus enlist at Louisbourg and Nova Scotia a bounty of Nine pounds be also given and paid in the same manner and at the same time as to those who shall enlist at either of the above said places to Five thousand men

including Officers who shall inlist for said Service at any time before the Fifteenth day of March next; such Officers to be Inhabitants of this Province, the Privates and non commission Officers only of said five Thousand men to be intitled to this Bounty

That the Establishment for one Captain two Lientenants, and one Ensign be the same as it was the last Year, each Company consisting of an hundred men including Officers that their wages shall begin from the date of their inlisting Orders, and that for every effective man whom they shall inlist they be allowed and paid three shillings, but they are to be accountable for the money they shall pay to any noneffective man who was so at the time of his inlistment.

And as to the wages of the men the Committee are of Opinion that they be the same they were the last year, and that they enter into pay at the time of their passing muster.

That to each man there be given when he shall begin his march a Blanket and such other Articles as were given the last year, saving only that such Blanket and other Articles shall be given to the men who shall inlist at Louisbourg and nova Scotia at the time when the other men in Service at the Several Posts there shall be respectively relieved.

That the men shall not be held to continue in Service beyond the last day of November next, and shall be discharged as much sooner as the Service will Admit.

With respect to the matters recommended by his Excellency and which relate to Penobscot the Committee desire leave to sit again All which is Submitted in the name of the Committee.

It appears to the committee that the very great difficulties which attend the Petitioners make it necessary that they should be separated from the First Parish in Cambridge, and inasmuch as the said Petitioners are not Sufficient for a Parish the committee are of Opinion that they the said Petitioners together with all other the Inhabitants and all the Lands in said Town of Cambridge lying and being to the South of Charles River be erected into a District and separate Precinct or Parish with all the priviledges and Immunities which Precincts or Parishes by Law do or may enjoy. And inasmuch as the first Parish in Cambridge will by this means be much weakned, and the Inhabitants of Charlestown aforesaid lye convenient to be annexed to said Parish, the committee are of Opinion that the said Inhabitants and their Estates be annexed to said Parish accordingly, and that a committee be appointed by this Court to determine and ascertain a proper Line or Boundary between the said Parish and the Town of Charlestown accordingly.

The Committee are further of Opinion that the Inhabitants aforesaid on the South side of Charles River be declared to be exempt and freed from all and every part of the Charge of building the new meeting house in Cambridge excepting only such sums as they or any of them have voluntarily contributed or subscribed for that purpose. That from the beginning of the Settlement till about two years ago, Joseph Lord Esq^r acted as Proprietors Clerk, and kept all the Records, and Proceedings of said Propriety, All the Grants, Surveys, and layings out of lands within the same, He was the Treasurer, the greater part of the Time, and received all the moneys collected by Taxes, or for Sales of Delinquent Proprietors Land, and is probably supposed to be largely in arrear to them on that Account That in June 1758 A new Treasurer, and a new Clark were Chosen, and the said Joseph Lord refusing to deliver up, the Books and Papers of the Propriety, An Action was Com-menced against him therefor and at the Inferior Court held at Worcester, in november last The Proprietors recovered Judgment for the said Books and Papers to be delivered to them or in default thereof Execution to Issue for the sum of One Thousand Pounds lawfull money But before the said Judgment was rendered the said Joseph Lord absconded, and hath ever since been out of this Prov-ince, hath never delivered up the said Books and Papers, but keps¹ the same, nor hath left Estate to a quarter Part of the Damage recovered,

Thus the Petitioners are deprived of their Records, and those who held their Several Possessions, as Original Proprietors, or have purchased the Lands of delinquent Proprietors, left without their proper and needfull Proofs, and x¹ are in the utmost Danger of running into total Confusion,

A PETITION of sundry of the Inhabitants and Freeholders, of the Town of Wells, in the County of York Setting forth That upwards of Sixty years ago, a number of Lotts of land were laid out in said Town from the high way leading from Ogunquet River (so called) running on a West, North West Course, as then returned, and marked, upon which the Owners Entered, fenced and improved, and on the Northeasterly side of a Place called the Gore, the Lotts were laid out on a North West Course, as was then returned, and have been so improved ever since That one James Boston,

¹ This date is according to the House Journal; according to Legislative Records of the Council the date is August 14.

having purchased one of the Lotts, first mentioned lately run out the same without regarding the old Boundaries, being directed only by the Compass, as it now stands, whereby the Lines of said Lotts, are made very different, from the Old Lines, and if all the said Lotts should be so run, they being two miles and an half, in length, many of them will run quite across other Lotts at the upper End, as they were formerly laid out, and the Owner of one Lott, take away another Orchard, House Barn, and other Improvements, and introduce a General Contention, and Confusion in the Town, as may appear by Inspection of a Plan herewith presented¹ That the said Boston taking advantage of this Variation, brought an Action of Trespass against one Stevens, who owned a Lott contiguous, and as the dispute arose about Boundaries, it was judged best to issue it by a Reference, that the disputed Limits might be viewed &c² and thô the Referrees could not but see the Consequence of departing from the Old Boundaries, in this Instance, (For Stevens would have the same Right to run in upon the next Lott, that Boston had upon his, and so throughout) yet they settled the late running by their Report, and have opened a Door for a General Mutation; which can't be equitable, because the Improvements are not equal That upon Motion made to the Court, Judgment on said Report, is at present suspended And as this matter effects the Peace of said Town, for if Judgment should be entered on this Report (the Rule being to make a final Settlement of the Line) Stevens must run so far on the next Lott, as Boston does on his, and so on, or some be without Redress, which does not seem to be just, as the Right to this Land is derived from the Town, and the Title of one Lott as good as another And as this Variation of Lines, is occasioned by the Variation of the Compass (² which as your Petitioners are informed, is more than two Degrees more Northerly, that it was forty Years ago They therefore pray that the said Report may be set aside, and order that no Judgment be entered thereon and that the Old Boundaries be established that a Multiplicity of Law Suits may be prevented.

Read and

Ordered, that the Petitioners serve the Inhabitants and Freeholders of the Town of Wells, Non Petitioners, who are concerned in the merits of the Petition, with a Copy of this Petition, that they shew Cause, if any they have on the second Friday of the next Session of this Court, why the Prayer thereof should not be granted, and that all proceedings be staid in the mean time. The Committee find that the wrong done to the Province in the six Cases above refer'd to, arises by large and exorbitant sums of money said to be given to private Informers, for condemnation dues &c^a allowed in the Bills of Costs, out of the Province Third
